

Cuando ya tenemos instalada la app Duplex Play, la pantalla principal nos brindará dos datos que nos servirán para configurarla. DEVICE ID y DEVICE KEY.

Ahora accederemos al siguiente link <https://edit.duplexplay.com/> y utilizaremos los datos mostrados por la app y los rellenamos en el formulario, seleccionamos Manage Playlists.

A screenshot of the "Manage Playlists" page from the website https://edit.duplexplay.com/. The page has a header "Manage Playlists" and a "How to install?" link. It features a "Device" form with "Device ID" (b1:38:8b:de: [REDACTED]) and "Device Key" fields, both of which are highlighted with an orange border. There is a checkbox for "No soy un robot" and a "Manage Playlists" button, also highlighted with an orange border. At the bottom, there is a disclaimer: "Disclaimer: Duplex IPTV does not include any content. You have to upload your own playlists." and a link "Looking for more information? Visit Duplex IPTV Site".

Ahora procedemos a seleccionar la opción ADD PLAYLIST
